Objective
My objective is to work as a front-end web developer, building websites and applications using Next.js, React, Typescript, JavaScript and Tailwind.

Resume
I have a bachelor's degree and a graduate certificate in Pharmacy. I got very interested in computer programming in recent years, leading me to switch my career. I have always liked logic and problem solving. Currently, I am a front-end web developer with one year of full-time dedication, focused on Next.js, React, Typescript, Javascript, Tailwind and Git. I also have knowledge in Node.js, SQL databases and authentication. I am pro-active, eager to learn and push myself to do my best.
